

The Scottish Professional Football League have recently issued new Ground Regulations to every club in the Leagues.

Our Board of Directors have decided in the interests of safety and comfort for all fans attending events at Palmerston that:

**“Smoking including all cigarettes, cigars, pipes and E cigarettes is strictly forbidden.”**

There will be no area within the ground that smoking is permitted and should anyone leave the ground for the purpose of smoking they will not be readmitted to the ground.

Anyone found to be smoking will be ejected from the ground.
